## CONTRACT AND HEALTH GUARANTEE

This Contract/Health guarantee must be signed upon possession of dog/puppy.

Dog/puppy will come with registration whether it is AKC or CKC. THIS means you have the right to show the dog but breeding and show quality are not guaranteed.

### **Buyer Responsibilities:**

A licensed veterinarian must examine dog/puppy within 72 hours. Or in one week to REDO well puppy check for your own purposes. Since your puppy just saw the vet it is OKAY to wait up to 2 weeks before going to the vet.

Before this time CALL ROBYN LABEAUD with ALL QUESTIONS related to health. Diarrhea? Cough?

If there is anything wrong with the puppy it must be noted in an email, text and phone at this time.

Puppy saw vet \_\_\_\_\_ . You are seeing a vet as well to hear for yourself that the puppy is fine. LAST VACCINE GIVEN. No more VACCINES NEEDED.

ONLY VACCINE NEEDED if even this is RABIES. Not before 6 months. And do with the vet. In rare cases dog react to this vaccine. Only necessary to travel overseas and to register with the county. This same county will require SPAY AND NEUTER or else the fees are higher.

**KNOW THIS!!!!** To spay or neuter before the age of 6.5 will shorten life. Instead of NUETER Dr. Jeff Werber is one of the few vets doing VESECTOMY. This preserves the hormones so that your dog will grow into the BUFF MALE DOG he was meant to be. FEMALES: just don't do it! Even a partial spay shows evidence of ovaries shriveling up. HORMONES are HEALTHY!!

I recommend that you see a BREED EXPERT so that you can be assured that a specialist is giving you expert breed specific opinion of your dog. WARNER PET CENTER Dr. Jackson is recommended in the LOS ANGELES are. 818-710-8528.

If you continue to stay in touch with me, I can assist in getting you the best treatment in a timely manner at their very busy office. Let me know when you go there ahead of appointment so that I can make certain you are seen by Dr. Jackson. Always tell them you have a puppy from me and that you want your appointment "face to face" with Dr. Jackson unless the appointment is as simple as a vaccine. This relationship that you will establish with them is most important in times of emergency. In the future you may consider a recommended PALETTE RECONSTRUCTION for your French Bulldog as preventative measure to eliminate STRESS from the way this breed breaths to encourage longevity of life. Dr. Jackson does this procedure at a greatly reduced price for my puppies. Inquire me when you are ready.

Failure to comply with above noted forms of communication will result in cancellation of this guarantee. Buyer must provide dog/puppy with routine preventative care, such as, but not limited to:

1. Following veterinarian guidelines for vaccinations and worming.
2. Following veterinarian guidelines for proper nutrition.

**All deposits are nonrefundable.**

Any and all shipping costs, including travel health certificate, will be the responsibility of the buyer.

**Health Guarantee:**

This dog/puppy is guaranteed for 1 Year after date of possession against fatal and life-threatening congenital disease which adversely affects the health of the animal.

Congenital disease must be of a severe or life-threatening nature. If the dog dies within the 1-year guarantee period, the buyer will pay to have it autopsied to determine reason of death. If reason for death is congenital then the Seller will replace the puppy.

This guarantee does not cover what is considered normal for the bulldog breeds, such as: cherry eye, loose hips, skin allergies, skin yeasts, skin fungus, elongated soft palate, lactating patella, hip dysplasia, brachycephalic syndrome <http://www.acvs.org/animalowners/healthconditions/smallanimaltopics/brachycephalicsyndrome/> small trachea, under bite, stenotic nares, inverted tail or inverted vulva and occasional heart murmurs of a 1 or 2 level, or IVDD (intervertebral disc disease) READ THIS LINK: <http://frenchbulldogsla.com/ivdd-and-french-bulldogs/> that are not of a life threatening nature. (dogs carrying some congenital defects will not be recommended for breeding and no breeding rights will be allowed with these specific sales.) All our dogs are vet checked before sales and any foreseeable issues must be disclosed to buyer. Nondisclosure is not an option, but it is understood that some of these "normal bulldog issues" can occur later in life and

are not the fault of the breeder.

All items covered in this guarantee are by replacement only. We do not give refunds.

Seller will not be responsible for any medical expenses incurred. Buyer is aware that owning a puppy means trips to the veterinarian and understands that he/she will be responsible for all payments.

- As of the date of delivery, the dog/puppy has received proper vaccinations and worming. The Buyer has been informed of these and future vaccinations and worming due.
- This guarantee does not cover or include treatment for Coccidia, Giardia or Kennel Cough, which is common in puppies that are relocated and is usually caused by bacteria or protozoa. Kennel Cough is self-limiting and must run its course. You are urged to consult Robyn LaBeaud for the best home treatments for your dog if ever symptoms occur. Yeast infections and minor ear issues related to such are also not covered.

A puppy showing any serious genetic or congenital defect will be replaced as follows:

- Animal must show defect within 6 months of possession. Seller must be notified of the problem in 2 business days of the licensed veterinarian's determination and have 2 reports from 2 unassociated veterinarians stating the same problem and Seller will provide a replacement puppy of equal value.
- No refund, in part or in full, will be given.
- Original puppy must be returned to Seller in good condition, other than the specified problem, at the Buyers expense. The Buyer will then qualify for a replacement puppy.
- This guarantee applies to the original puppy only and is nontransferable to a second party.
- Buyer is responsible for transportation costs to and from the seller on a replacement puppy.
- No replacement puppy given if the puppy has been euthanized without permission of the Seller.
- Replacement puppy will be mutually agreed upon by both parties and will be of comparable quality. It is understood that the replacement puppy may not be from the same parents of the original puppy.

- There are certain disorders that may be caused by environmental factors, for example: allergies, thyroid dysfunction, demodectic mange, and other autoimmune disorders that are not covered by this guarantee.
- We DO NOT guarantee against conditions that may or may not be stress related from the move to a new home and/or shipping process. These stress related conditions that have previously remained dormant can be triggered by the above circumstances and unfortunately cannot be diagnosed until an active case becomes evident. Some of these stress related conditions or illnesses are:

Coccidian, Giardia, and Kennel Cough.

- Any physical problem, which is or could be the result of injury, is not covered under this guarantee.
- There is no guarantee or warranty that the Buyer will be able to breed or show the puppy regardless of show or breeding potential.
- This contract supersedes any and all previous agreements.
- This contract is null and void if the terms and conditions are not fulfilled.
- Buyer agrees that he/she understands this contract fully and that this contract is under the jurisdiction of the state of California, in Ventura County. It is agreed that any legal issues or court proceedings concerning the puppy purchased under this contract will be resolved in Ventura County or Los Angeles County, California. This extends to Internet sales across state lines as well.
- If at any time during the life of the dog/puppy concerned in this contract, the purchaser due to unforeseen circumstances can not continue to keep the dog we are always willing to accept the dog back and find a suitable home for him or her. No exchange of money or replacement is offered in this circumstance.
- Puppy will be ready for delivery between 14-16 weeks of age.

“Due to the varying kinds of food and different environmental conditions the puppies come in contact with; and the fact that all puppies have immune systems that take time to mature, we highly recommend NuVet Plus® immune system builder to help them maintain optimal health.

We are so confident NuVet Plus® will benefit your new puppy; we will extend this guarantee by 6 months. To qualify for this guarantee extension, you must give your new puppy NuVet Plus®, using the manufacturer's recommended daily dosage, for the entire guarantee period. Failure to do so makes this guarantee extension null and void.” We also highly recommend you continue to give your pet NuVet Plus® beyond the guarantee period to promote optimal health for a lifetime
